SEIDEL – AVENUE E – AREA VARIANCE -

Jarid Seidel-Applicant

Mr. Seidel gave a brief description of the application stating that he currently has a “tent” structure and would like to replace it with a more stable structure. He has 2 lots next to each other and there was a wooden shed there. He was told by the Building Department. He stated that he also has an outbuilding covering his well about 8ft x 5ft, he does not plan to increase ground area. The Neighbor has a carport at a condemned house and parks their car there. Town Attorney acknowledged on the application there are 2 spots he needs to change from interpretation to Area Variance. Mr. Seidel stated that Bob Emerson told him he could get shipping containers to put on there, Town Attorney replied that no shipping containers are illegal in the Town, he stated that an area variance will be needed for the location of the proposed structure. Mr. Seidel asked what the timeline was to get everything done, Town Attorney stated that if the application is approved he can file for a building permit and that is good for 1 year. He added that there will be a public hearing and his neighbors will be able to comment on the application and the Board has 62 days to act on the application.
